

Matthew Washington grew up in Chicago IL., and attended Trinity International University in Illinois where he played football under scholarship during his years there. His studies included psychology and business.

Matthew had no true idea of the calling on his life by GOD until he moved to Colorado. In Denver the Lord put his years of knowledge and success in the corporate world to use as the acting Director of Operations and in the day to day operations needs for THE ROAD TO JERUSALEM.

He has given his life to standing with the Messianic Jews and imparting that vision through his role as a staff member for THE ROAD TO JERUSALEM.
