

# God's Provision and Faithfulness

A pastor in an Assembly of God Church in Virginia, started a costly building project. Soon after starting the project, a Messianic Rabbi called and asked him if he would help him in his building project for a new Messianic Synagogue. The Pastor responded that his request came at the worst possible time because he had just initiated a building project of his own. The Pastor told the Messianic Rabbi that he would pray for him in his endeavor.

After this conversation, the Lord spoke to the Pastor. The Lord simply said, "Bless Israel." The Pastor called the Messianic Rabbi and informed him that God had told him to "Bless Israel." He decided to have a "Bless Israel" night the following month and he would receive a love offering, all of which would go to the Rabbi for the building of their Messianic Synagogue.

The Rabbi was exceedingly blessed. A few days before the "Bless Israel" night God spoke to the Pastor again instructing him to give \$50,000.00 to the Messianic Rabbi for his project rather than take up a love offering. These instructions concerned the Pastor as this amount was equivalent to what he would take in during the course of a full week's offerings. However, in obedience to God's instructions, on the night of the event he gave a \$50,000.00 check to the Messianic Rabbi. The following week, the income at his church doubled and continued to double in the ensuing weeks.

The moral of the story - I will bless them who bless you. This is particularly true when the Christian blesses the Jew who believes Jesus is Messiah!

Please ask God how He would like you to participate financially in this event and the ongoing ministry of THE ROAD TO JERUSALEM. And may God bless you as you trust Him and are generous with the resources He has given you.
